Glenn Singer is El Gleno Grande

El Gleno Grande is one of the funniest acts we have ever presented. He had folks falling out of their seats! His original brand of humor goes across generations and cultures and is enjoyed by all ages. We will present him again and again. He is an incredibly nice person and great to work with as well.

- Terri Dollar, Program Director, Artspllosure, Raleigh, NC

Glenn Singer is a physical comedian whose raucous horse-backed persona El Gleno Grande defies most critics' attempts at descriptive adequacy. You can label the hysterically funny act as vaudeville, performance theatre, stand-up [on-four-leg] comedy, whatever you like. But all you really need to remember is "the horse guy." There's rumor of an international support group taking shape, offering recovery therapy for those who can't stop laughing after they've seen the show. Who knew what joy a twitchy-tailed equestrian could bring...

Glenn Singer is a renowned specialist in physical comedy and audience interplay. He's an artist who makes you laugh out loud, over and over and over again. He's a man who, perhaps as a young boy out riding his horse stick in the driveway, had an important life-altering realization: "Now this is what I need to do when I grow up."

And so he did... And it doesn't matter if the median age of his audience is ten years old or if the entire audience can recall when they saw Charlie Chaplin in person. It doesn't matter if Singer is solo on stage in a grand proscenium theatre, one of a line-up of comedic headliners in an international vaudeville festival, trotting in front of designer sequins and tuxedos at an annual charity gala or headlining for corporate clients ranging from Coca-Cola and Pebble Beach to The Americas Cup or Georgia Pacific. The Legend of El Gleno Grande has universal and ageless appeal. Not since Trigger has a horse been so loved.

El Gleno Grande has now brought snorts of laughter on six continents during a career that spans almost 20 years. Television credits include America's Funniest People, the Statler Brothers, Showtime and broadcast specials in Germany, Japan and South America. Corporate clients span an international Who's Who including Universal Studios, Bosch, Caesar's Palace, Johns Hopkins University, the Tel Aviv Jazz Fest, United Airlines, Harley Davidson and World Cup Japan. Your evening with Glenn Singer and his equestrian spectacular can stand alone in full performance, can share the stage in a comedic double bill with your choice or his of the appropriate co-star, and can also serve festival formats with multiple abbreviated repeat appearances.
